EXPERIENCE & LEADERSHIP

Daystar Christian Center
Production Logistics & Operations Intern
• Managed end-to-end transportation and deployment of **20+** high-value production assets across **5+** major events, ensuring zero loss or damage to inventory.
• Developed structured pre-event setup workflows that reduced average setup time and improved on-site execution efficiency across all large-scale productions.
• Coordinated cross-functional teams of **10–30** members, aligning personnel schedules, equipment availability, and venue timelines to achieve full operational readiness.

Jan. 2023 – Present
Lagos, Nigeria

Live Spot Lagos
Event Operations Assistant
• Supported end-to-end logistics for high-profile corporate events, overseeing equipment staging, inventory checks, and pre-event asset verification.
• Executed real-time operational coordination during live events, resolving on-site issues to maintain uninterrupted service delivery under pressure.
• Collaborated with vendors, technical staff, and event managers to synchronize supply and setup timelines under tight deadlines.

Aug. 2025 - Sept. 2025
Lagos, Nigeria

Jack J. Valenti School of Communication, University of Houston
Sound Engineer & Front Desk Assistant
• Oversee daily resource allocation across multiple studios and production sets serving **100+** students, optimizing utilization and minimizing scheduling conflicts.
• Maintain a comprehensive equipment inventory and asset tracking system, reducing downtime through proactive accountability and maintenance coordination.
• Streamline booking workflows and front desk operations, improving turnaround time for studio reservations and overall service efficiency.

Aug. 2025 – Present
Houston, TX

SHRL Advisory Committee, University of Houston
Student Government Representative
• Represent student government in housing policy, operations, and resource allocation discussions impacting thousands of on-campus residents, serving as a liaison between students and university leadership
• Serve as Vice Chairman by supporting meeting facilitation, agenda planning, and coordination with administrators to evaluate services and recommend data-informed operational improvements

Aug. 2025 – Present
Houston, TX

College Hustle Collective
Marketing Executive
• Coordinated promotional logistics and execution for student-led initiatives reaching **1,500+** students, making sure resources, materials, and event support were delivered on time
• Supported planning and execution of large-scale student events by managing workflows, task delegation, and communication between organizing teams

Aug. 2025 – Present
Houston, TX

PROJECTS

Data Analysis Project | *Microsoft Excel, Data Visualization*
• Applied advanced Excel functions (Pivot Tables, Filtering, Formulas) to analyze structured business datasets, perform demand forecasting, and identify key operational trends.
• Developed professional reports translating raw data into actionable insights, simulating real-world supply chain planning and supporting data-driven decision-making.

AfCFTA Tech-Based Logistics Research | *Academic Research, Supply Chain Strategy*
• Conducting faculty-guided research on leveraging technology to strengthen cross-border logistics networks under the African Continental Free Trade Area (AfCFTA) framework.
• Analyzing gaps in Africa’s supply chain infrastructure and preparing scalable, tech-driven solutions for submission to academic journals and logistics conferences.
